Main Features:

- **Compact Design:** Designed with the traveller in mind. This tripod is fast and easy to set up. When not in use the legs can be folded back 180 degrees, thus making for a very compact tripod
- **Monopod feature:** One of the tripod legs is quickly removable, and when attached to the centre column is instantly converted to a full size monopod with ball head
- **Twist Lock Legs:** Supplied with twist lock legs, making the Tripod quick to set up and adjustments fast and straightforward.
- **Tripod Head:** Smooth matched dual action ball head, complete with metal Quick Release Plate (Arca Swiss Style), Safety Pin, and built in Spirit Level
- **Adjustable Leg Angle:** The legs fold out with stops in 3 positions for low level photography
- **Short Centre Column:** Both standard and short centre columns are supplied with the kit, enabling very low level photography
- **Reversible Centre Column and Hook:** The centre column reverses for low level photography. There is a hook on the bottom of the column for the user to hang weights from the tripod's centre of gravity in order to increase stability
- **Handgrip:** Supplied complete with a comfortable padded handgrip
- **Feet:** Supplied with rubber / spiked feet for either indoor or rough terrain.
- **Carry Case:** Quality carry case included with hand and shoulder strap
- **6 Year Warranty:** All Kenro Tripods are covered by a 6 year limited warranty
