

M.Zuiko Digital ED 17mm 1:1.2 PRO

- Amazing resolution performance for highest edge-to-edge image quality at max aperture
- Smooth, natural bokeh with nearly circular, naturally shaped and coloured effects
- Extremely clear quality with reduced ghosting and flaring thanks to Z Coating Nano lens coating
- At a weight of just 390g, the lens ensures mobility on any photo assignment or holiday travels
- High-speed AF that lets you continually focus on eyes and faces even at the widest aperture
- Dust/splash/freezeproof construction for year-round shooting in any kind of environment
- The L-Fn button and focus clutch give you fast and easy, customised manual operation

Full portraits in any conditions

If you're looking to take the most striking full-portrait images possible, look no further than the M.Zuiko Digital ED 17mm 1:1.2 PRO lens (34mm*). The ultra-wide aperture gives you ultimate flexibility to harness your creativity: add more depth and softness to your portraits with Feathered Bokeh in the background. Eye Detection AF is your ideal assistant for keeping your subject in focus at all times. Or take emotional close-ups at a closest focusing distance of a short 20cm.
