

SEL-50F18

Bright, very high quality portrait lens with Optical SteadyShot

E50mm F1.8 portrait lens. Only compatible with E-mount cameras

- Take beautiful portraits in available light
- Optical SteadyShot for crisper handheld images
- Smooth, quiet autofocus with stills or HD movies

Features

Bright, wide aperture lens with 50mm fixed focal length, ideal for portraits and general photography

F1.8 maximum aperture allows creation of smooth background defocus effects (bokeh) - ideal for flattering your portrait subject

Stylish, light and easy to carry with high quality aluminium alloy finish on barrel

Optical SteadyShot image stabilisation within lens for crisp, stable handheld portraits. Silent mechanism during movie recording

Wide aperture and Optical SteadyShot make lens highly suitable for atmospheric handheld portraits without flash in dim light

Innovative optical design achieves clear, high-quality images with minimised distortion and chromatic aberration

Smooth, quiet, high speed autofocus with linear motor - ideal for HD movie shooting

Direct Manual Focus disengages AF motor for precise, fine manual focusing control

7-blade circular aperture for beautiful defocus effects
