

Velbon Videomate 638

Product Name: Velbon Videomate 638 Video Tripod with PH-368 Fluid Head
Stock Code: 2444
Barcode: 4907990360243
Outer Carton Qty: 6

Description:

Velbon's Videomate 638 is a medium to heavy duty aluminium tripod with excellent maximum height, 3-section legs and quick lever leg locks. The PH-368 Fluid head is ideal for smooth video shots as well as supporting birdwatching scopes. There is a quick release camera mounting platform (#QB-6RL) for easy attachment and removal of your equipment. A geared centre column provides a smooth and easy way to finely adjust the viewing height and radial leg braces enable maximum stability. Rubber feet maintain good ground contact on all surfaces.
